

# A2 Envelope Template

1. Print onto 8.5" x 11" paper
  2. After print, trim paper to 8.5" x 8.5" (one cut on the 11" side gives you an exact square of 8.5" x 8.5")
  3. Cut away the grid areas of template.
  4. Fold along "fold" lines.
  5. Use glue to attach envelope bottom to sides.
  6. Make homemade envelope glue for the top flap (or purchase some).
