Bunting Flags Free Printable

Free printables from your home computer.

Bunting flag swag looks good anywhere, in home or office decor and for celebrations like birthdays or showers. Add some stamps on your flags such as cute flowers, animals or anything cool to make them extra spectacular!
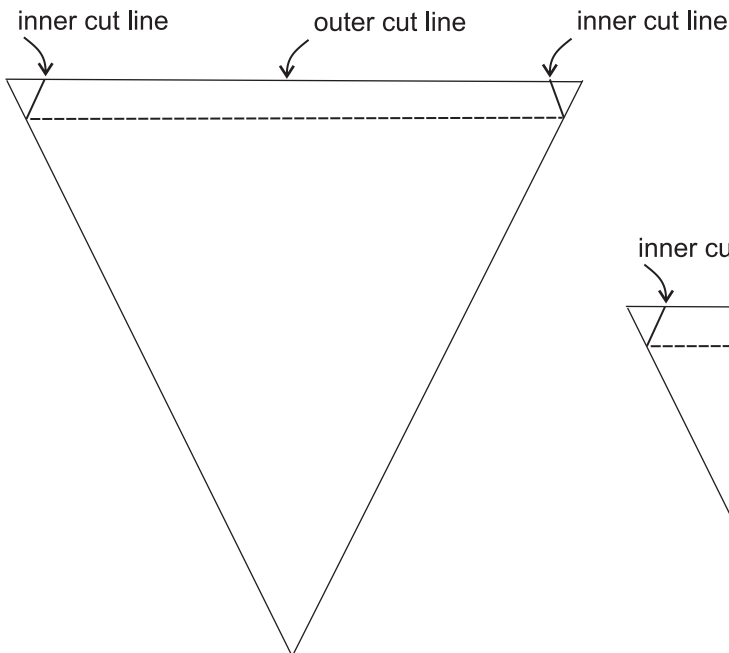

How to use this template....

Print out this page, cut out the shapes, and use as guide to trace onto your favorite card stock.

HINT......Cut outer lines so you get a whole triangle. Then cut the 2 inner lines. This way you can cut on a stack of flags instead of one at a time. (*You are just snipping the corners so they don't show when the flag is folded*.)
